Docket No. N2022-1

**NOTICE OF UNITED STATES POSTAL SERVICE OF FILING  
OF REVISED LIBRARY REFERENCES USPS-LR-N2022-1-1  
AND USPS-LR-N2022-1-NP3 -- ERRATA**  
(April 15, 2022)

The Postal Service hereby provides notice that it is filing revised versions of the public and nonpublic library references associated with the testimony of witness Bozzo.

USPS-LR-N2022-1-1      Cost Information

USPS-LR-N2022-1-NP3      Mail Processing and Transportation Cost Information

Revisions have been made to both the transportation and mail processing components in USPS-LR-N2022-NP3, and the results of those revisions flow through to USPS-LR-N2022-1-1. For transportation, the FY 2021 CAIR cost per pound was corrected. For mail processing, the FY 2021 premium wage rate for RG was corrected (although the effects of this change are so small that, as a practical matter, they are negligible). More details are provided in the revised Preface to each library reference. The overall impact of these changes on the results presented by Dr. Bozzo are summarized in the Notice regarding the revised page of his testimony (USPS-T-3), which is being submitted concurrently in a separate filing.

Since there was only one Excel file in USPS-LR-N2022-1-1, this revision constitutes a complete replacement of that library reference. For USPS-LR-N2022-1-NP3, however, because only the selected files being revised are provided, this in only a

partial replacement. The original library reference remains the source of the unrevised files.

Respectfully submitted,
